ROCKHAVEN RESOURCES LTD. CLARIFIES DISCLOSURE

October 14, 2021 – As a result of a review by the British Columbia Securities Commission, Rockhaven Resources Ltd. (TSX-V: RK) (“Rockhaven” or the “Company”) is issuing the following news release to clarify its disclosure.

The corporate website, presentation and fact sheet contained references to the 2020 Preliminary Economic Assessment (PEA) results but did not disclose that a portion of the resource used in the PEA considered inferred mineral resources. As per section 2.3(3)(a) of NI 43-101, all references to the 2020 PEA results contain disclosure which cautions readers that the PEA is preliminary in nature, that it includes inferred mineral resources that are considered too speculative geologically to have the economic considerations applied to them that would enable them to be categorized as mineral reserves, and there is no certainty that the preliminary economic assessment will be realized.

Additionally, the Company used over promotional language with respect to the sensitivity analysis related to the 2020 PEA and next steps for the project. These statements have been amended and are now in compliance.
